

Adjustable Eight Antenna for all Cellular, GPS, Lojack, Alarm Jammer system

Made for general use, no need of professional electronics training or Knowledge

CPJ-3060ad SERIES

Covers up to 60 meters radius

Specifications:

Effective range Up to 60 meters radius, depending on the strength and type of cellular, GPS tracker, Lojack system, car remote control Jammer system .

Input Power Switching power adaptor

Antenna external omni-directional

Operation temperature 0°C-50°C

Humidity: 5%-80%

Size L 37cm x W14cm X H5.1cm

Features:

→ This series cover six or eight frequency bands or with bigger jamming distance

→ This device utilizes a unique low power radio signal technology that interferes with the communication between wireless handsets and base station

→ Block all cellular phone, GPS tracker, Lojack system, car remote control communication, in your controlled area or to avoid information from being disclosed secretly during meeting, and yet it is jamming silently without user's awareness

→ Easily operated and user-friendly, no hassle installation needed, need no professional knowledge or skill, a DIY designed device to suit everyone, everywhere and anytime

→ Low Output power will not cause harm to human body or medical equipment

Application:

1. Hospital, medical center or where medical instruments should not be disturbed by cellular signal
2. theater, cinema, museum and art gallery
3. conference rooms,offices,libraries,schools and restaurant
